2 PURPOSE & CONTEXT

2.1 About this document

This Standard Operating Procedure (SOP) describes the standardized process for submitting timesheets and creating invoices in Hubstaff to ensure accurate and timely payments from ZTERS.

2.2 Scope

This SOP applies to all contractors and personnel who are required to log work hours and generate invoices using Hubstaff for payment by ZTERS.

In scope:

- Reviewing and submitting timesheets
- Creating and submitting invoices based on approved tracked time
- Ensuring accuracy and completeness of submitted records

Out of scope:

- Contract negotiation, pay rates, or payment terms
- Tax, legal, or compliance advice related to invoicing
- Bank transfers, wise account setup, or payroll configuration

2.3 Roles & Responsibilities

Role	Responsibilities
Contractor	• Accurately track all work hours in Hubstaff • Submit timesheets for approval • Create invoices based on approved tracked time
Project Manager	Approve or reject tracked time with clear feedback
Staff Accountant	Verify invoice completeness and compliance

2.4 Terminology

Term Used	Description
Hubstaff	Time-tracking and workforce management platform used to log work hours and generate invoices.
Timesheet	A record of tracked work hours for a defined period.
Invoice	A billing document generated from approved tracked time requesting payment.
Approved Time	Tracked hours that have been reviewed and accepted by ZTERS.
Billing Period	The time range covered by a timesheet and corresponding invoice.
Contractor	An individual providing services to ZTERS on a non-employee basis.

2.5 Conventions Used

The following structures are used as recommendations.

Tip: A recommendation or useful advice

Warning: A warning or important notice

Note: A notice.

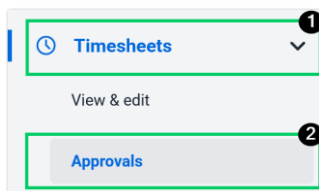

3 SUBMIT TIMESHEET

This section describes the procedure for submitting a timesheet in Hubstaff. It explains how contractors must review their tracked work hours, ensure accuracy and formally submit the timesheet for approval.

Note: Proper submission of timesheets is required to validate worked hours and serves as the basis for invoice generation and payment processing by ZTERS.

3.1 Submit Timesheet in Hubstaff

1. Go to your Hubstaff dashboard
2. In the left-hand navigation panel, check your time logs via **Timesheet > Approvals** page on the web dashboard.

3. Within the approvals page, you'll be able to see:
 - Pay period
 - Regular tracked hours
 - Manual time (should be empty unless agreed with manager)
 - Activity percentage
 - Timesheet status
 - Screenshots taken

Tip: At this point, all it's left to do is to create and send your invoice to ZTERS for payment.

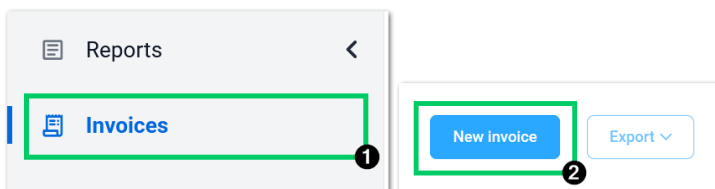

4 CREATE INVOICE FOR PAYMENT

This section outlines the process for creating an invoice in Hubstaff based on approved timesheets. It details how contractors generate invoices using validated tracked time, verify billing information, and submit the invoice to ZTERS for payment.

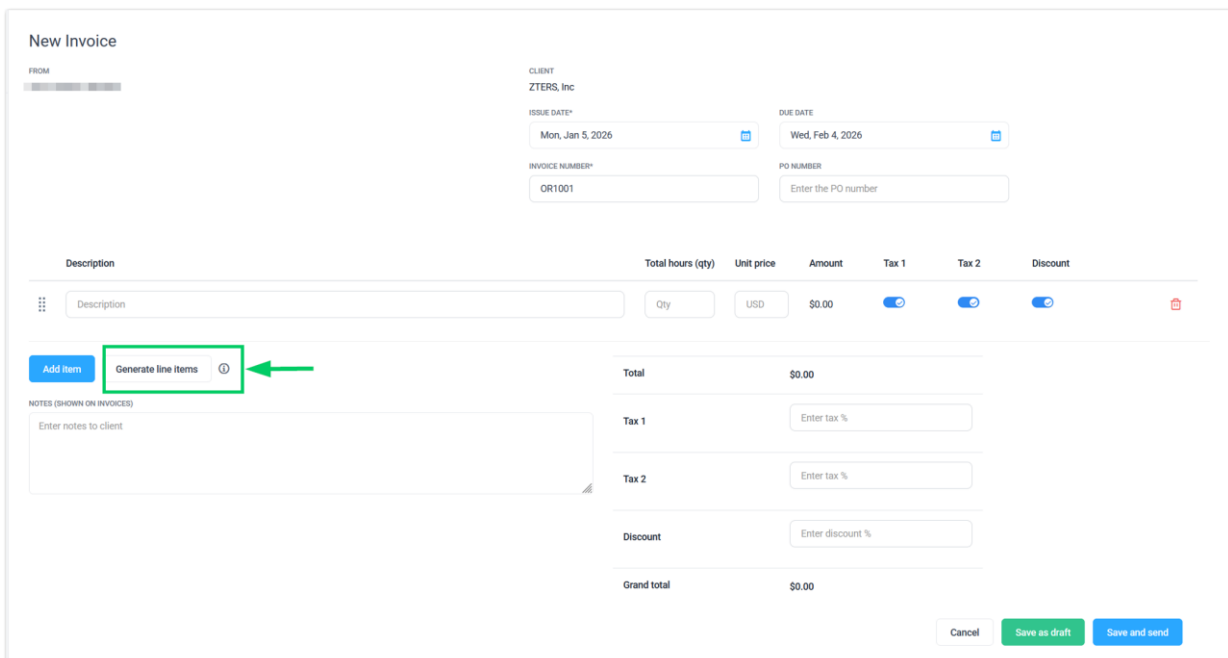

Note: Only approved timesheets may be invoiced, and accurate invoice creation is essential to ensure timely and correct compensation.

4.1 Invoice creation based on Timesheet

1. Go to your Hubstaff dashboard
2. In the left side panel, select the **Invoices** page on the web dashboard. Then select the **New Invoice** button.

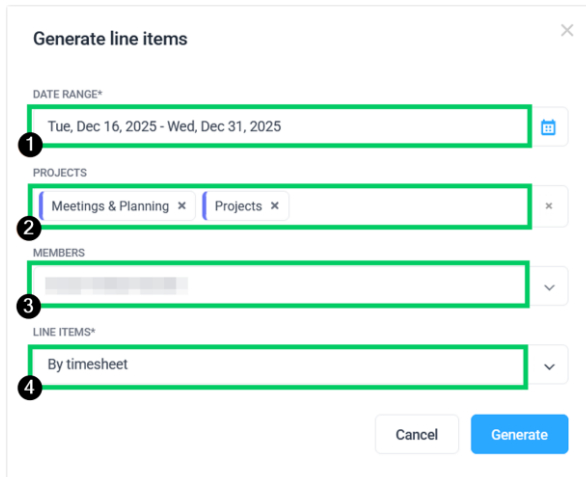

3. In the new invoice window, select **Generate line items** to add the timesheet tracked time in the invoice.

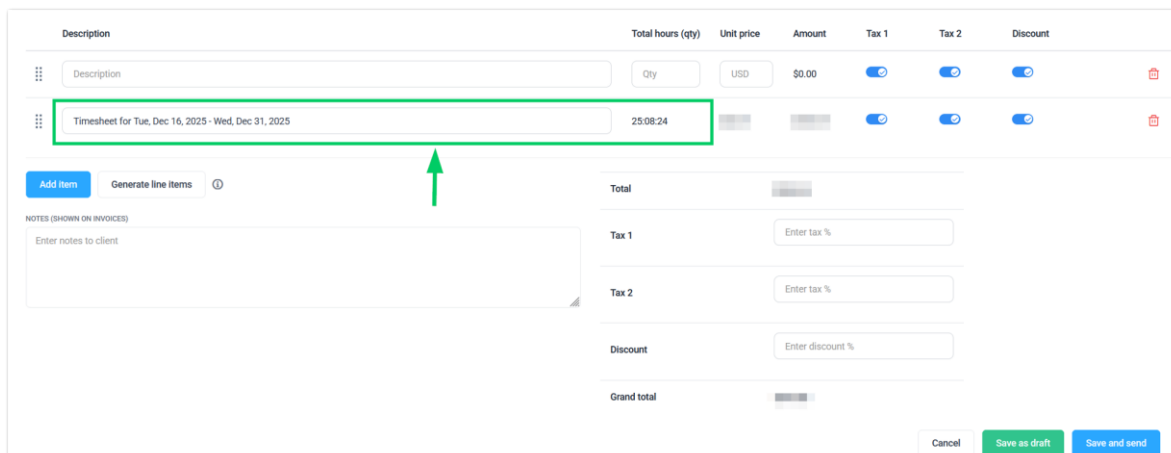

4. In the pop-up window, add the following information and select **Generate**.

- **Date Range:** Select the date range for the invoice period using the calendar.
- **Projects:** Select the projects/meetings in which you worked from the list.
- **Member:** Automatically selected.
- **Line Items:** Select **By timesheet**.

Warning: It's critical to select **"By timesheet"** in the last line. This ensures the invoice time is added automatically. Otherwise, you will have to add the time manually.

5. You will see the timesheet added for the invoice, with information about your payment. This timesheet will be used to create the invoice.

Tip: If the unit price column is empty, enter the pay rate agreed with ZTERS. Make sure the number is correct, otherwise your invoice will be rejected (e.g. **20 USD/hour**).

6. Check the **Grand Total** amount that you'll receive. The *tax 1*, *tax 2*, and *Discount* fields must be empty unless ZTERS tells you otherwise.
7. Once everything is correct, select the **Save and send** button.

Description	Total hours (qty)	Unit price	Amount	Tax 1	Tax 2	Discount
Description	Qty	USD	\$0.00	☐	☐	☐
Timesheet for Tue, Dec 16, 2025 - Wed, Dec 31, 2025	25.0824			☐	☐	☐
