2 PURPOSE & CONTEXT

2.1 About this document

This Standard Operating Procedure (SOP) describes the steps required to create a Wise account, obtain U.S. dollar account details, add local bank information, and send money from Wise. The document provides guidance to ensure payments can be received and transferred correctly using the Wise platform.

2.2 Scope

This SOP applies to contractors and personnel who are required to set up and use Wise to receive payments in U.S. dollars from ZTERS and transfer those funds to a local bank account.

In scope:

- Wise account creation
- Account verification process
- Retrieval of U.S. banking details
- Sending money from Wise

Out of scope:

- Contract negotiation
- Payment approval processes
- Wise account troubleshooting & local bank policies

2.3 Roles & Responsibilities

Role	Responsibilities
Contractor	• Creating and maintaining a wise account • Sharing U.S. account details with ZTERS • Managing transfers to their local bank
ZTERS Accounting Representatives	Receive the Wise U.S. account details provided by the contractor and use them for payment processing.

2.4 Terminology

Term Used	Description
Wise	A financial platform used to receive, hold, convert, and send money internationally.
USD Account Details	Banking information provided by Wise, including account number, routing number, and related details, used to receive payments in U.S. dollars.
Local Bank Account	A personal bank account added in Wise to receive transferred funds in the contractor's local currency.

Term Used	Description
Verification	The process of confirming identity and addressing information within Wise using official documents.

2.5 Conventions Used

The following structures are used as recommendations.

Tip: A recommendation or useful advice

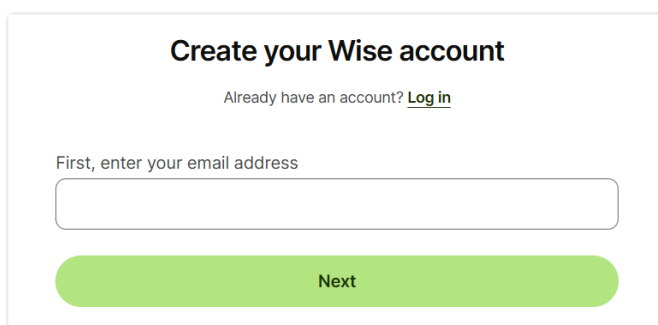

Warning: A warning or important notice

Note: A notice.

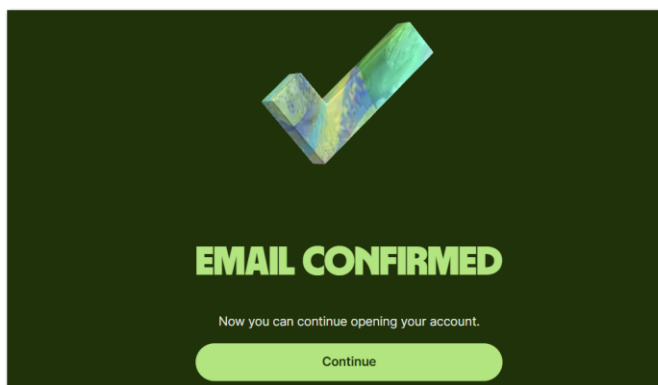

3 CREATE A WISE ACCOUNT

Creating a Wise account allows ZTERS team members to receive payments in US dollars easily and legally. Wise provides a USD account with local banking details, enabling fast, low-fee international transfers and simple conversion to your local currency when needed.

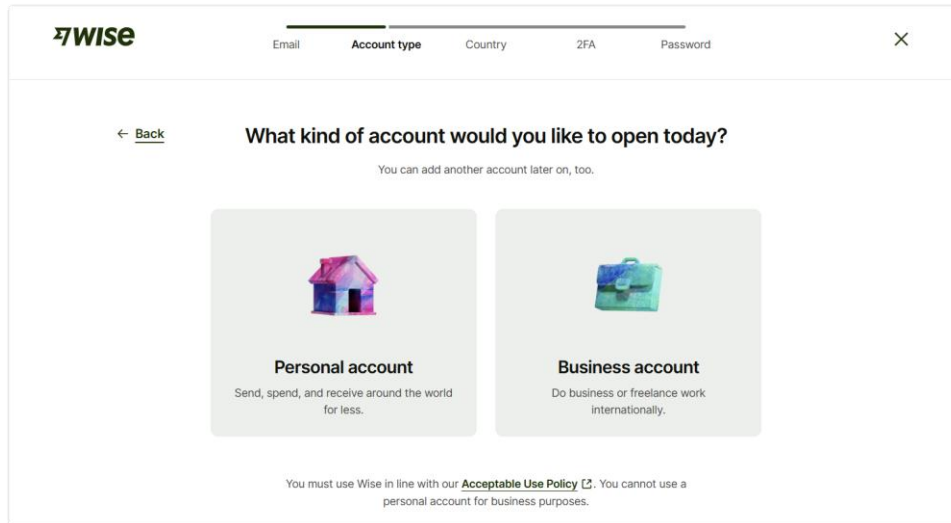

1. Go to <https://wise.com/>
2. Select **Sign Up** in the upper-right corner of the page.
3. Enter your email address and click **Next**. You could also sign up using your Google, Facebook, or Apple account.

4. Check your email and confirm the email address. Once it's confirmed, you will be redirected to continue setting up your Wise account.

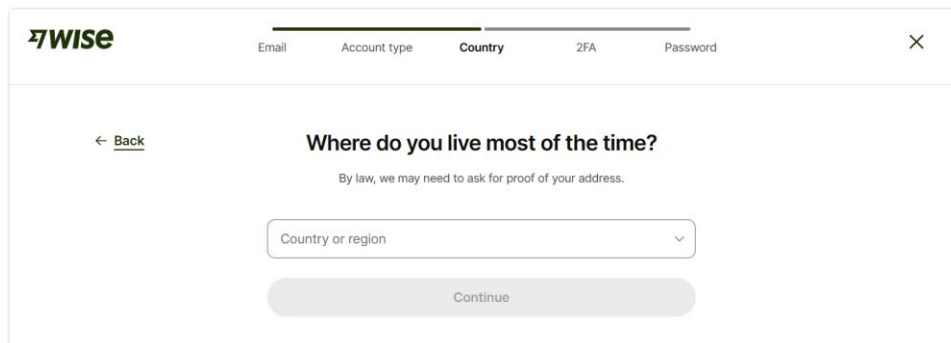

5. When prompted for the **account type**, select **Personal Account**, which is the option used to receive USD payments from ZTERS.

The screenshot shows the Wise account creation interface. At the top, there's a progress bar with steps: Email, Account type, Country, 2FA, and Password. The 'Account type' step is currently active. Below the progress bar, there's a 'Back' link. The main heading is 'What kind of account would you like to open today?'. A subtext says 'You can add another account later on, too.' There are two main options: 'Personal account' with a house icon and 'Business account' with a briefcase icon. The 'Personal account' description is 'Send, spend, and receive around the world for less.' The 'Business account' description is 'Do business or freelance work internationally.' At the bottom, there's a disclaimer: 'You must use Wise in line with our [Acceptable Use Policy](#). You cannot use a personal account for business purposes.'

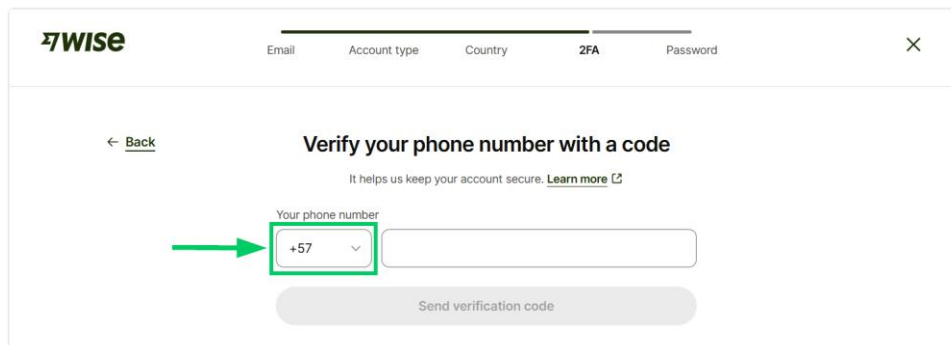

6. Select your country of residence from the country dropdown menu and click **Continue**. Depending on your country, Wise may allow you to:

- Send money abroad.
- Receive money.
- Hold and convert money.
- Spend abroad with a card (optional for some countries).
- Earn and return (optional for some countries).

The screenshot shows the 'Where do you live most of the time?' screen. At the top, the progress bar shows 'Country' as the active step. Below the progress bar, there's a 'Back' link. The main heading is 'Where do you live most of the time?'. A subtext says 'By law, we may need to ask for proof of your address.' There's a dropdown menu labeled 'Country or region' with a downward arrow. Below the dropdown is a 'Continue' button.

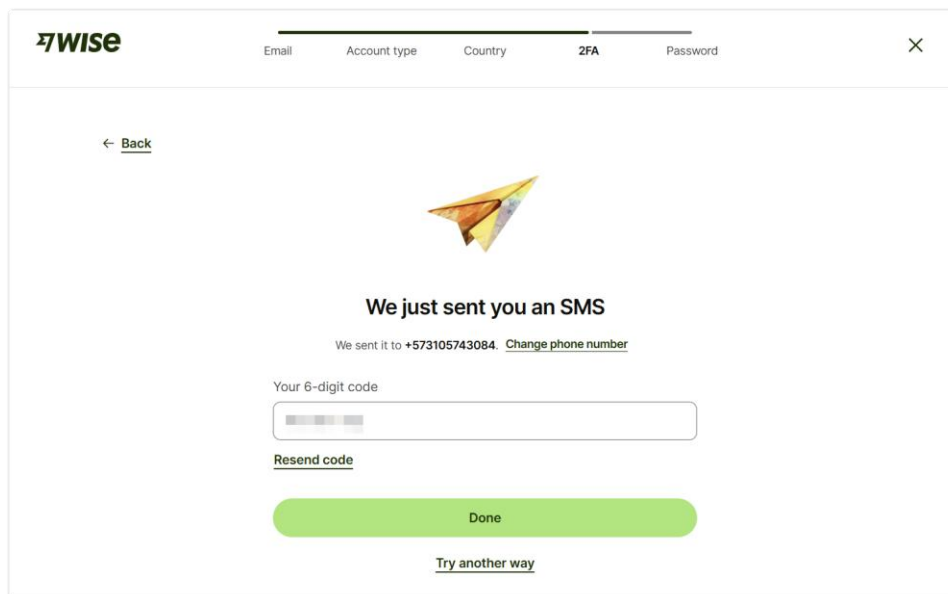

7. Enter your phone number and click **Send verification code**, to verify it. The prefix number depends on the country you selected in the previous step.

The screenshot shows the 'Verify your phone number with a code' screen. At the top, the progress bar shows '2FA' as the active step. Below the progress bar, there's a 'Back' link. The main heading is 'Verify your phone number with a code'. A subtext says 'It helps us keep your account secure. [Learn more](#)'. There's a label 'Your phone number' above a dropdown menu showing '+57' with a downward arrow. A green arrow points to this dropdown. To the right of the dropdown is an empty input field for the verification code. Below these fields is a 'Send verification code' button.

8. After receiving a text message, enter the 6-digit WISE code and select **Done**.

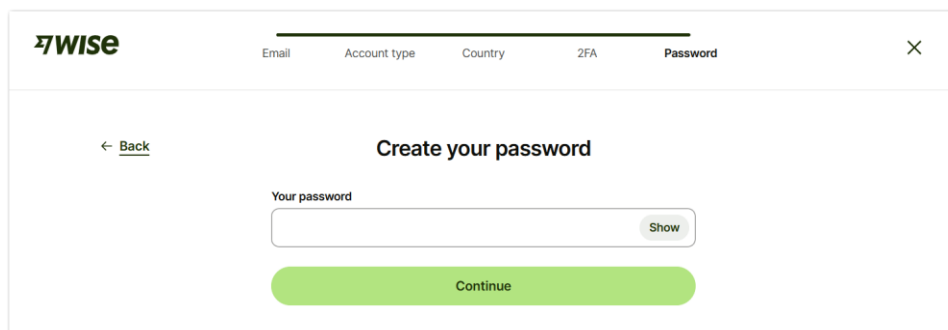

Tip: You can change your phone number to get a new code.

The screenshot shows the WISE 2FA (Two-Factor Authentication) screen. At the top, there is a progress bar with five steps: Email, Account type, Country, 2FA (current step), and Password. The WISE logo is on the top left, and a close button (X) is on the top right. Below the progress bar, there is a back arrow and the text "Back". In the center, there is a paper airplane icon. Below the icon, the text reads "We just sent you an SMS". Underneath, it says "We sent it to +573105743084. [Change phone number](#)". There is a text input field labeled "Your 6-digit code" with a placeholder showing five dashes. Below the input field, there is a link "Resend code". At the bottom, there is a large green button labeled "Done" and a link "Try another way".

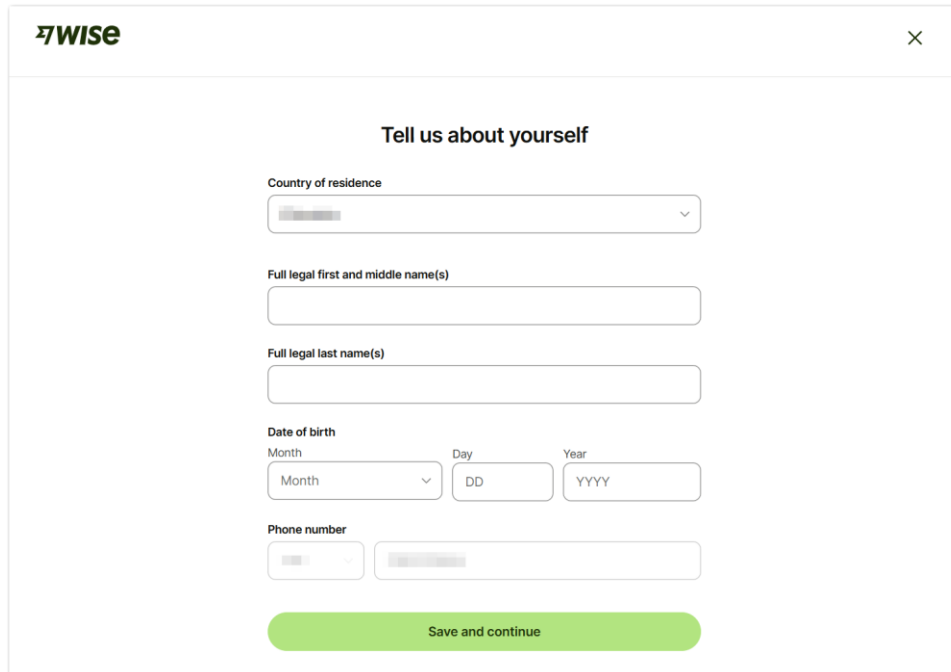

9. Create a password for your account and select **Continue**. Make sure your password:

- Contains a letter
- Contains a number
- Has 9 or more characters

The screenshot shows the WISE Password screen. At the top, there is a progress bar with five steps: Email, Account type, Country, 2FA, and Password (current step). The WISE logo is on the top left, and a close button (X) is on the top right. Below the progress bar, there is a back arrow and the text "Back". In the center, the text reads "Create your password". Below this, there is a text input field labeled "Your password" with a "Show" button to its right. At the bottom, there is a large green button labeled "Continue".

10. In the next screen, enter more personal details for your account and select **Save and continue**.

12. You have finished setting up your Wise account. You can now explore the dashboard before continuing.

✕

What would you like to do first?

Choose how to get started. You can do everything else later.

Send money

Securely transfer money around the world with low fees and fast speeds

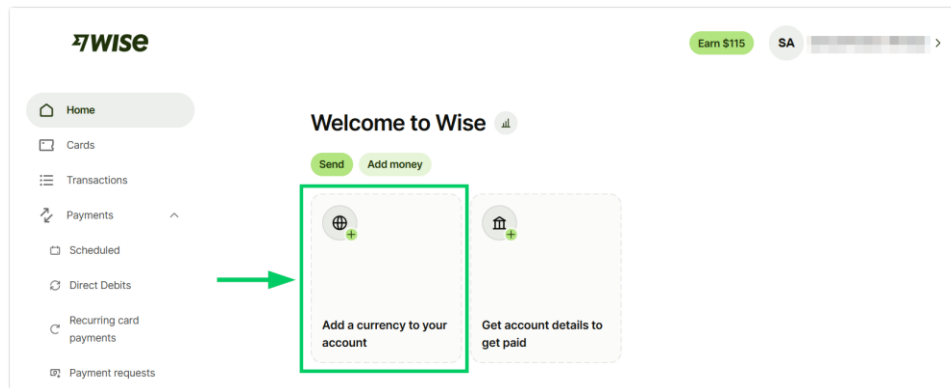

Hold or receive money

Choose currencies to use, convert, or get account details

[Take a look around first](#)

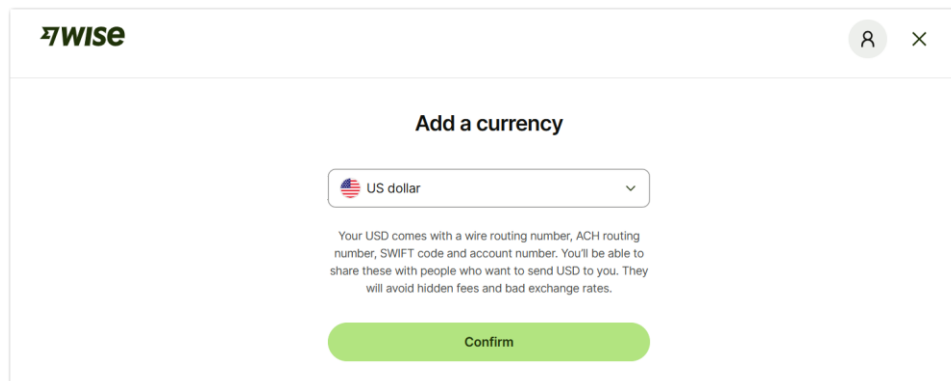

13. To start receiving money in USD, select the button **Add a currency to your account**.

By adding a USD balance, you will be able to:

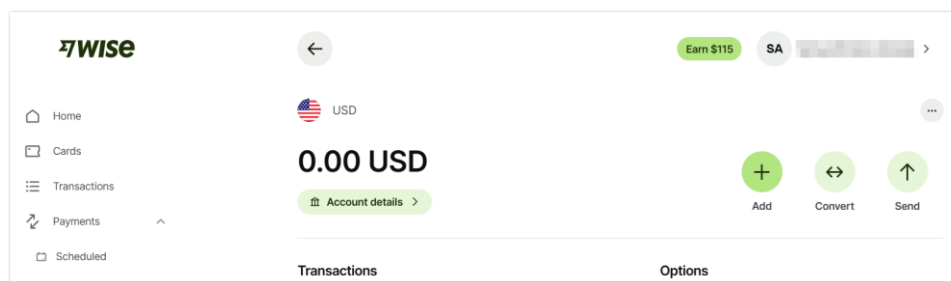

- Hold and convert 40+ currencies.
- Receive money from abroad

14. Select **US dollar** from the dropdown menu and click **Confirm**. By selecting this option, ZTERS will be able to pay you in USD.

15. Confirm the currency. After this, you will see the balance in your account.

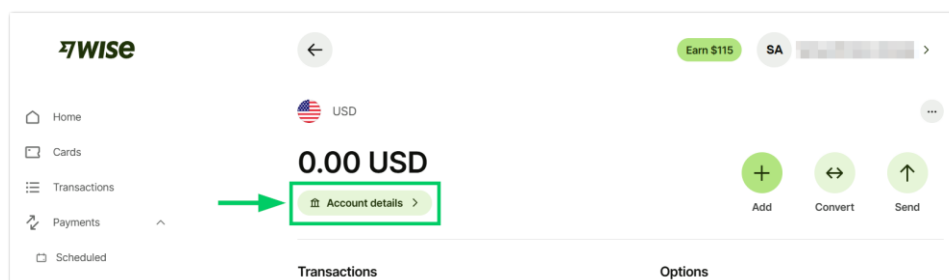

Tip: You can always update your personal information in [Security & Private](#) settings.

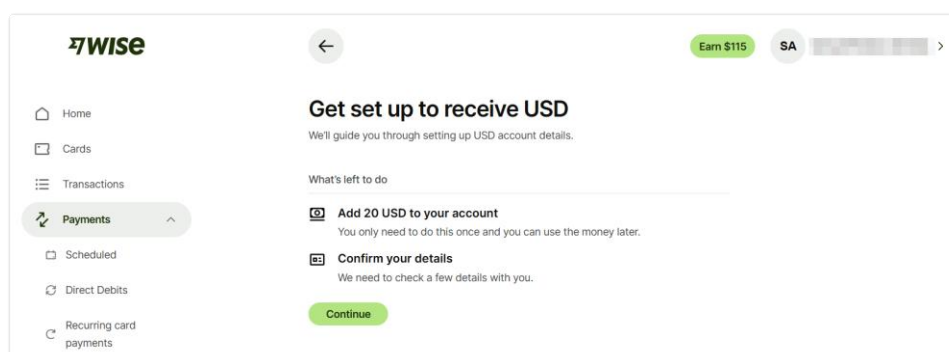

4 GET YOUR US ACCOUNT DETAILS

Once your Wise account is set up, you can generate your USD account details directly from the platform. These details (bank name, routing number, and account number) must be shared with ZTERS to receive payments as if you had a local US bank account, with full transparency and low fees.

1. In your WISE home page, select **Account details**.

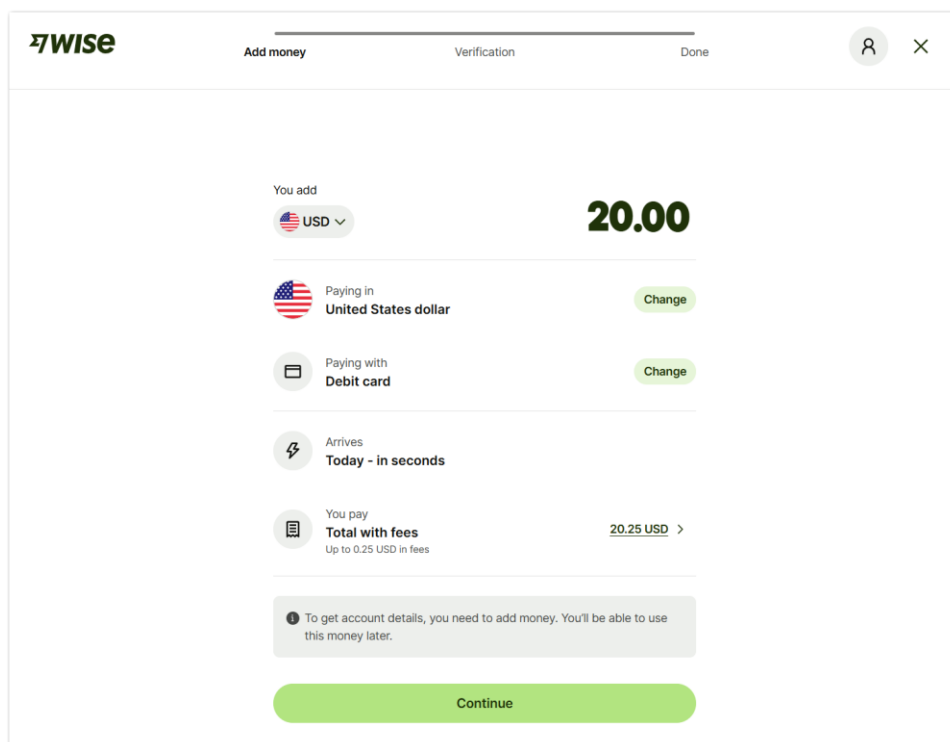

2. To get your account details, you will need to add **20 USD** to your WISE account. This amount is refundable and required only for verification purposes. Select **Continue**.

3. You can select the way to add 20 dollars into your account. The following fees and processing times may vary depending on your country and payment provider:

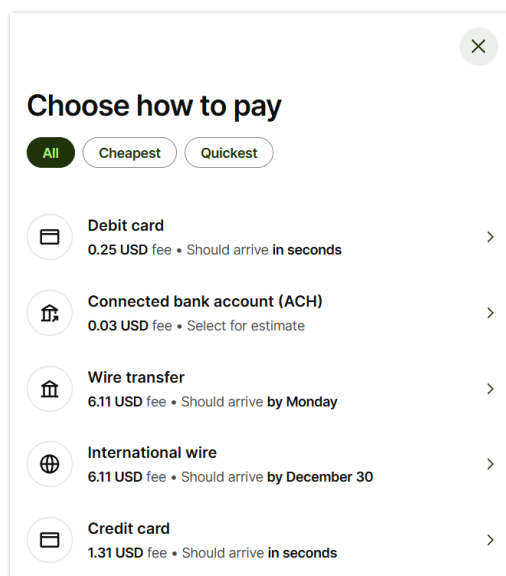

Method	Fee	Transaction Time
Debit card	0.25 USD	Seconds
Credit card	1.31 USD	Seconds
Connected bank account (ACH)	0.03 USD	Depending on the bank
Wire transfer	6.11 USD	1 day
International wire	6.11 USD	7 days

Tip: Both the **Debit card** and **Credit card** methods are recommended if you're outside of the USA.

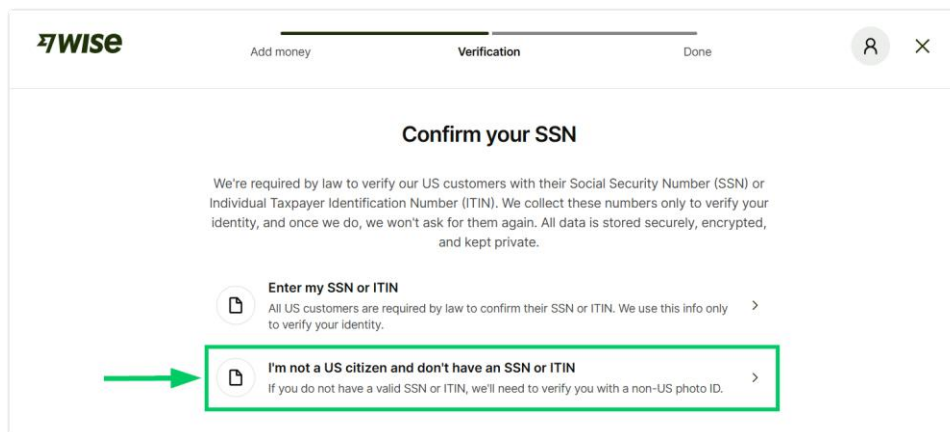

The screenshot shows the 'Add money' screen in the Wise app. At the top, there's a header with the Wise logo, 'Add money', 'Verification', and 'Done' tabs. Below this, the amount '20.00' is displayed in large green text. The currency is set to 'USD'. Below the amount, there are three sections: 'Paying in' (United States dollar), 'Paying with' (Debit card), and 'Arrives' (Today - in seconds). Each section has a 'Change' button. At the bottom, there's a 'You pay' section showing 'Total with fees' as '20.25 USD' with a right arrow. A message at the bottom states: 'To get account details, you need to add money. You'll be able to use this money later.' A large green 'Continue' button is at the very bottom.

4. Select your payment method and click **Continue**.

The screenshot shows a modal titled 'Choose how to pay'. It has three tabs: 'All' (selected), 'Cheapest', and 'Quickest'. Below the tabs, there are five payment methods listed with their respective fees and arrival times: 'Debit card' (0.25 USD fee, Should arrive in seconds), 'Connected bank account (ACH)' (0.03 USD fee, Select for estimate), 'Wire transfer' (6.11 USD fee, Should arrive by Monday), 'International wire' (6.11 USD fee, Should arrive by December 30), and 'Credit card' (1.31 USD fee, Should arrive in seconds). Each method has a right arrow.

5. Add your payment method details and select **Pay**.
6. If you are a US citizen, confirm your SSN. Otherwise, select the option to verify as a non-US citizen. In the next window, select **Continue** to confirm that you're not a US citizen.

wise Add money Verification Done

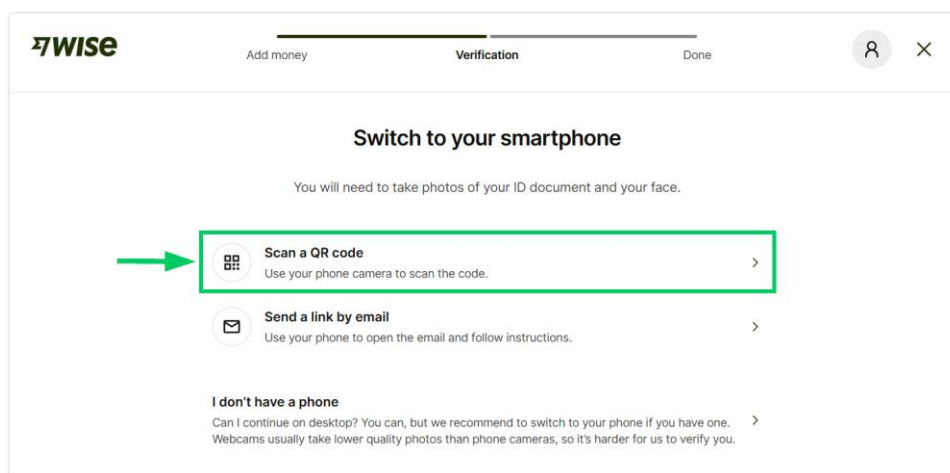

Confirm your SSN

We're required by law to verify our US customers with their Social Security Number (SSN) or Individual Taxpayer Identification Number (ITIN). We collect these numbers only to verify your identity, and once we do, we won't ask for them again. All data is stored securely, encrypted, and kept private.

Enter my SSN or ITIN
All US customers are required by law to confirm their SSN or ITIN. We use this info only to verify your identity.

I'm not a US citizen and don't have an SSN or ITIN
If you do not have a valid SSN or ITIN, we'll need to verify you with a non-US photo ID.

7. Now, the system will ask you to switch to your phone by scanning a **QR code** to take a picture of your ID document and your face. This step appears only if you are completing the form from a computer.

wise Add money Verification Done

Switch to your smartphone

You will need to take photos of your ID document and your face.

Scan a QR code
Use your phone camera to scan the code.

Send a link by email
Use your phone to open the email and follow instructions.

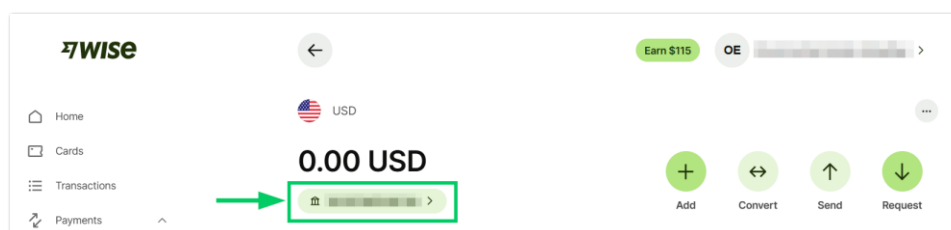

I don't have a phone
Can I continue on desktop? You can, but we recommend to switch to your phone if you have one. Webcams usually take lower quality photos than phone cameras, so it's harder for us to verify you.

8. From your phone, follow the instructions to take a picture of your ID document. The system will ask about the issuing country and document type; the following are allowed:
- Passport
 - Driver's license
 - National ID
 - Refugee identity document
9. Agree to the WISE biometric data processing notice for your account setup and start capturing photos of your document and face.
10. The system will ask you to upload a document to verify your address. The following documents are accepted for address verification:
- A utility bill (gas, electric, or landline phone).
 - A bank or credit card statement.
 - A council tax bill.
 - A vehicle registration or tax document.

- A photo driving license with your address and expiry date.
- A rental agreement — it must display the address, along with your name and your landlord's name, and include both signatures, as well as the start and end dates of the tenancy.
- Other documents issued by a government or financial institution (N26, Monzo, Bunq, Monese).

Tip: Make sure you have the address verification document already uploaded to your phone, so the process can be completed faster.

11. After you upload the address verification documents, WISE will send you a notification for your account verification process. Verification may take only a few minutes if your documents are clear and readable. Otherwise, it can take up to **5 business days**.
12. Once your account is verified, check your account detail information here:

Your **Wise US Inc** account details include:

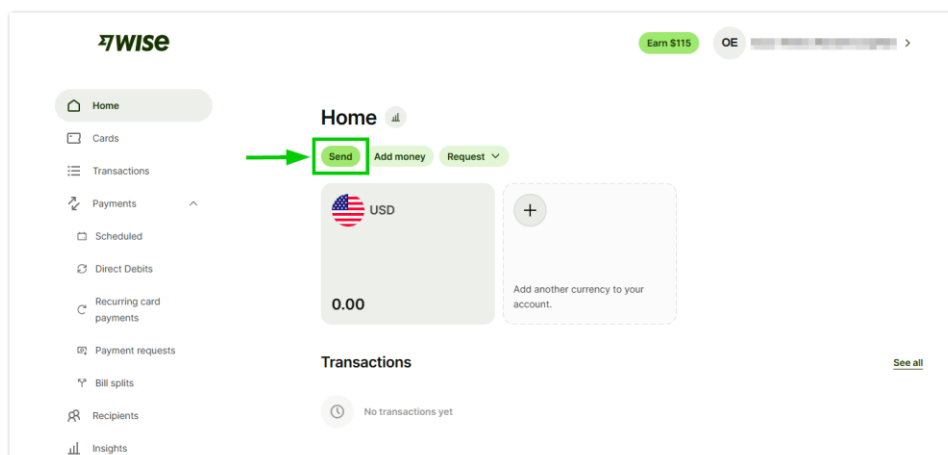

- Name
- Account number
- Account type
- Routing number (for wire and ACH)
- Swift/BIC
- Address

Feel free to share this information with the appropriate people at ZTERS to get paid in US dollars. Afterwards, you can send the money to your local bank.

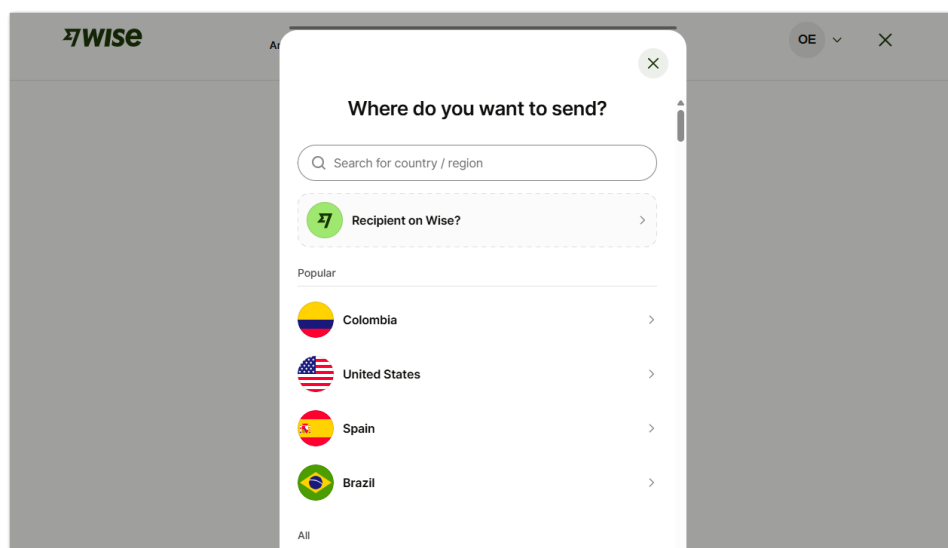

5 ADDING YOUR LOCAL BANK INFO TO GET PAID

To send money from **Wise** to your local bank, you first need to **add your bank account details** in the Wise platform. Once saved, you can securely transfer funds, choose the amount and currency, and track the transfer until it reaches your bank account.

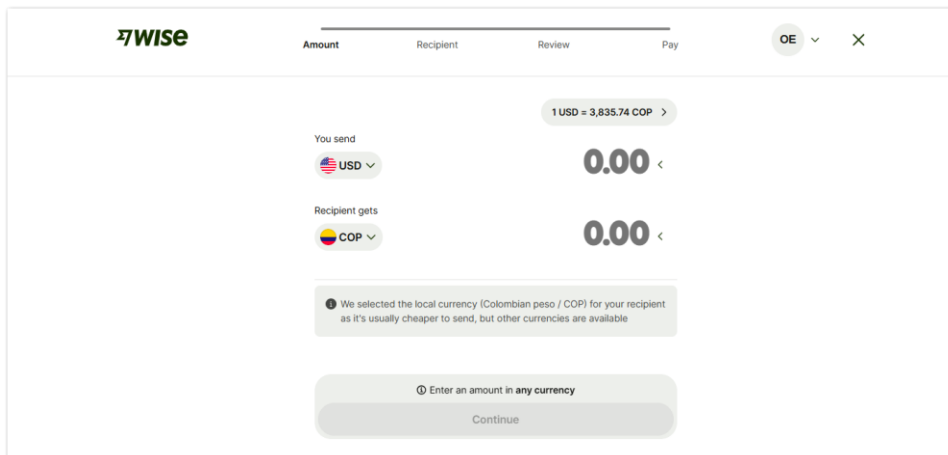

1. In the WISE home page, select the **Send** button.

2. Select the country where you want to send money.

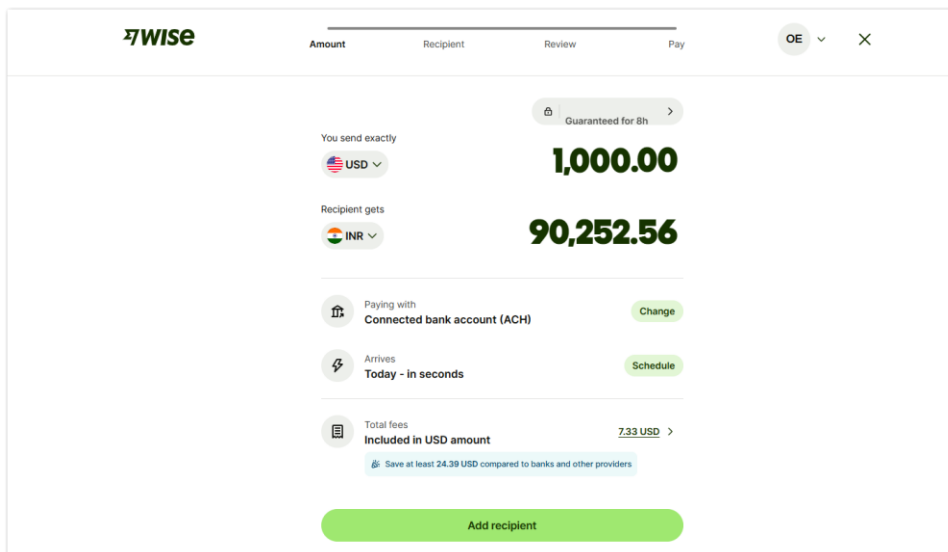

3. Wise will show you exactly how much money you will get, based on the money you send through the system.

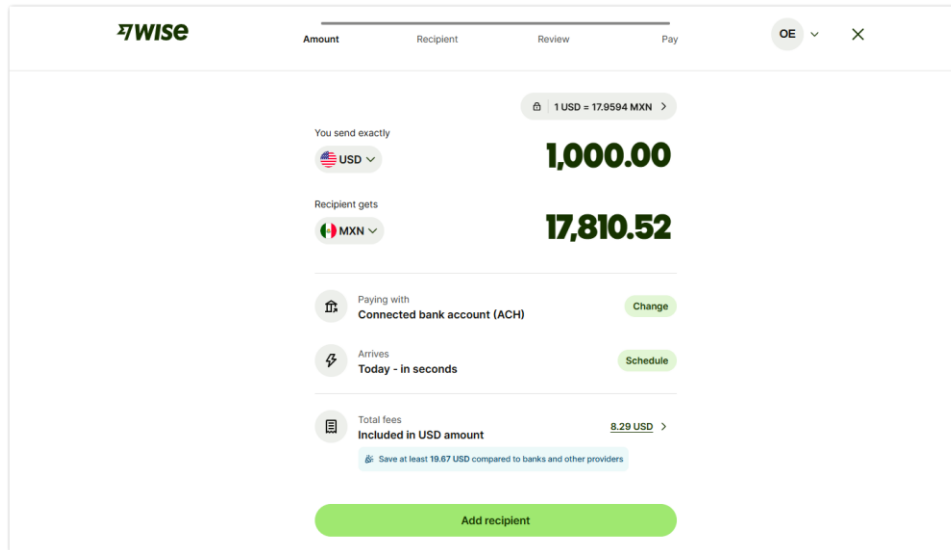

The screenshot shows the Wise 'Amount' step. At the top, a navigation bar includes 'Amount', 'Recipient', 'Review', and 'Pay', along with a user icon 'OE' and a close button 'X'. Below the navigation bar, a conversion rate is displayed: '1 USD = 3,835.74 COP'. The 'You send' section shows 'USD' with a dropdown arrow and a value of '0.00'. The 'Recipient gets' section shows 'COP' with a dropdown arrow and a value of '0.00'. A note states: 'We selected the local currency (Colombian peso / COP) for your recipient as it's usually cheaper to send, but other currencies are available'. At the bottom, there is a text input field with the placeholder 'Enter an amount in any currency' and a 'Continue' button.

Each country will have their own policies and fees when it comes to sending money to a specific currency. As an example, if you want to send 1.000 USD to India, you will receive 90.252,56 Indian Rupee (Dic 2025). The total fees go up to 7.33 USD per transfer. Other Fees may apply depending on your bank.

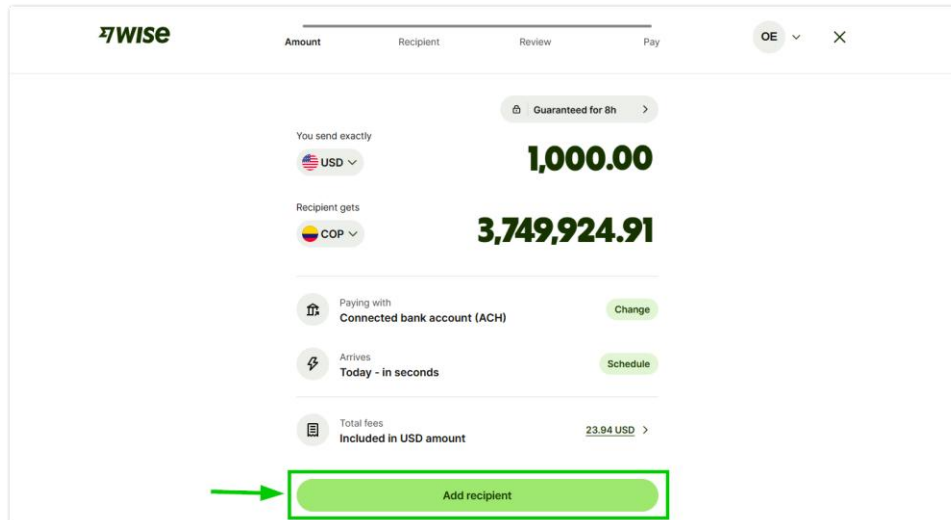

The screenshot shows the Wise 'Amount' step for a transfer to India. The navigation bar is the same as the previous screenshot. A 'Guaranteed for 8h' badge is visible. The 'You send exactly' section shows 'USD' with a dropdown arrow and a value of '1,000.00'. The 'Recipient gets' section shows 'INR' with a dropdown arrow and a value of '90,252.56'. Below this, there are three sections: 'Paying with' showing 'Connected bank account (ACH)' with a 'Change' button; 'Arrives' showing 'Today - in seconds' with a 'Schedule' button; and 'Total fees' showing 'Included in USD amount' with a value of '7.33 USD' and a note 'Save at least 24.39 USD compared to banks and other providers'. At the bottom, there is a large green 'Add recipient' button.

- For Mexico, if you send 1.000 USD, you will receive 17.810,52 Mexican Pesos (Dic 2025). The total fees go up to 8.29 USD per transfer.

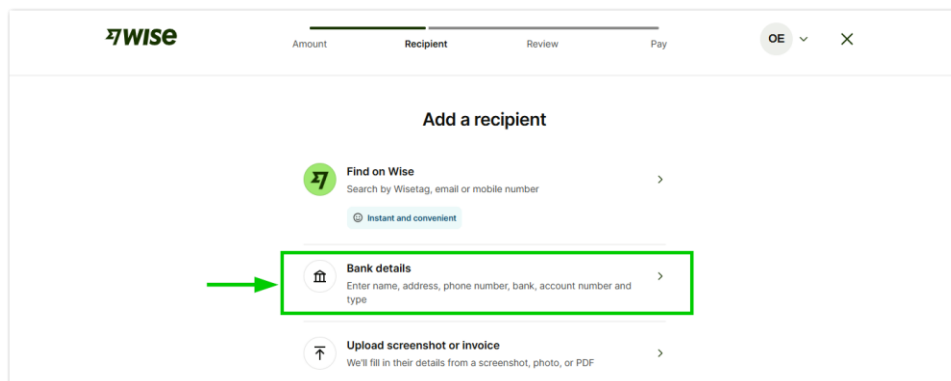

The screenshot shows the Wise payment interface. At the top, there are tabs for 'Amount', 'Recipient', 'Review', and 'Pay'. The 'Amount' tab is active. It displays 'You send exactly' as 1,000.00 USD and 'Recipient gets' as 17,810.52 MXN. Below this, it says 'Paying with Connected bank account (ACH)' and 'Arrives Today - in seconds'. At the bottom, it shows 'Total fees Included in USD amount' as 8.29 USD. A green button labeled 'Add recipient' is at the bottom.

4. Select **Add recipient** to complete the account's information where the money will go.

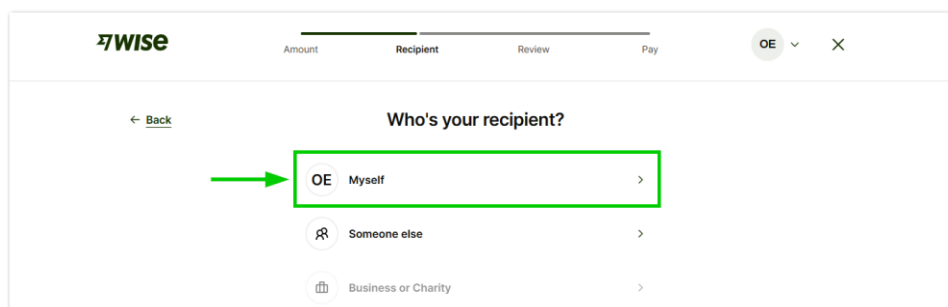

This screenshot is similar to the previous one, but the conversion is from USD to COP, resulting in 3,749,924.91. The 'Add recipient' button at the bottom is highlighted with a green box and a green arrow pointing to it.

5. Select **Bank Details** to add the bank account details.

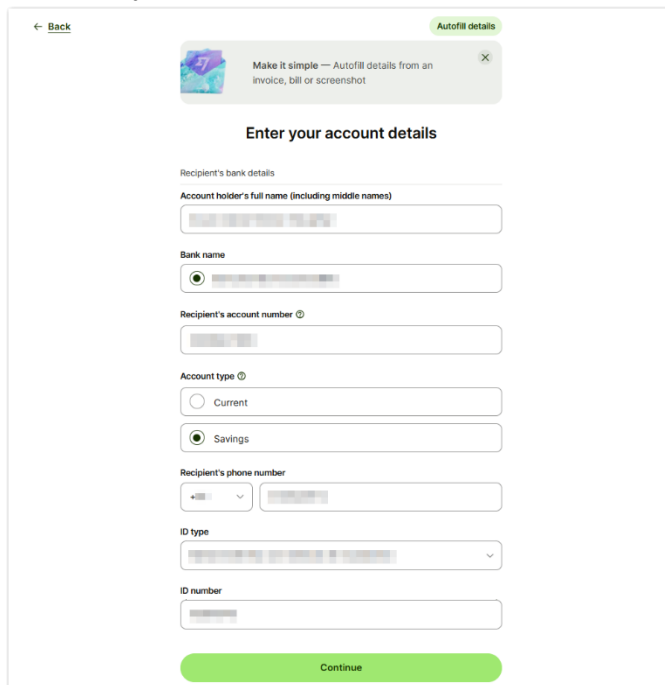

The screenshot shows the 'Add a recipient' screen. It has three options: 'Find on Wise' (with a search bar), 'Bank details' (with a house icon), and 'Upload screenshot or invoice'. The 'Bank details' option is highlighted with a green box and a green arrow pointing to it.

6. Select **Myself** if you're the person receiving the money.

7. Enter your account details:

- Account holder's full name.
- Bank name.
- Recipient's account number.
- Account type.
- Recipient's phone number.
- ID type.
- ID number.

8. Select the reason for using Wise, you can check **Receiving salary or pension**.

9. Select how much money you expect to move using Wise in a year.

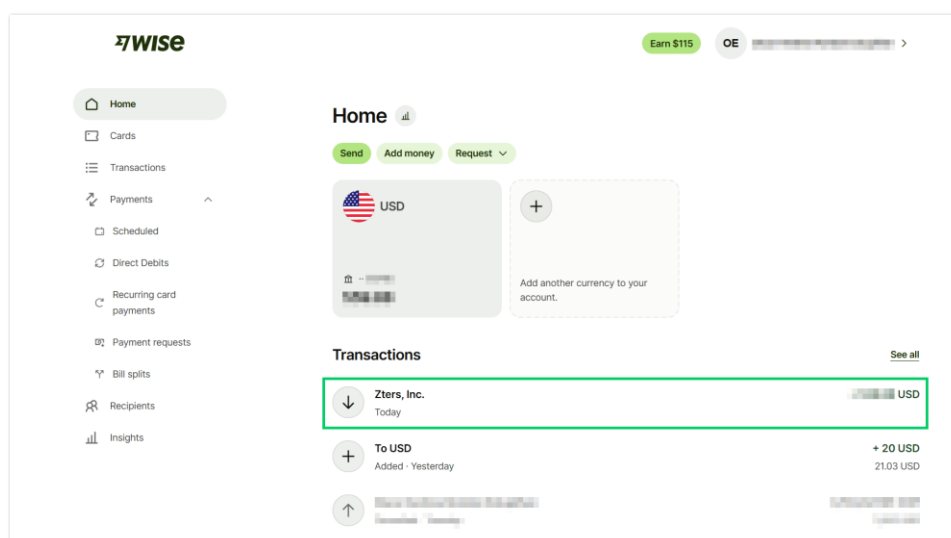

10. Validate your information in the summary screen, select **Continue to Payment**.

Tip: The account added can be used later for future payments. However, this connection can also be removed in Wise account settings.

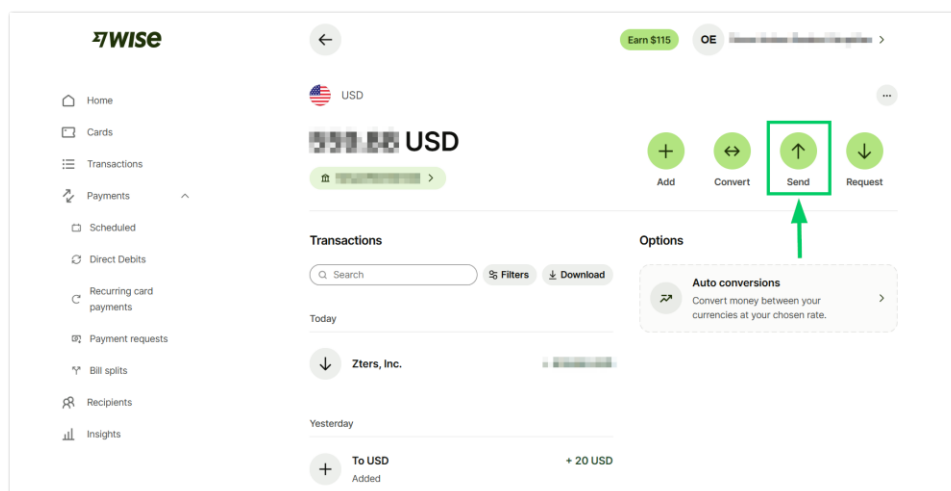

6 SEND MONEY FROM WISE

After receiving funds in your Wise account, you can easily send money to your local bank in your home country. Wise handles the currency conversion at real exchange rates and transfers the money quickly, with clear fees and no hidden charges.

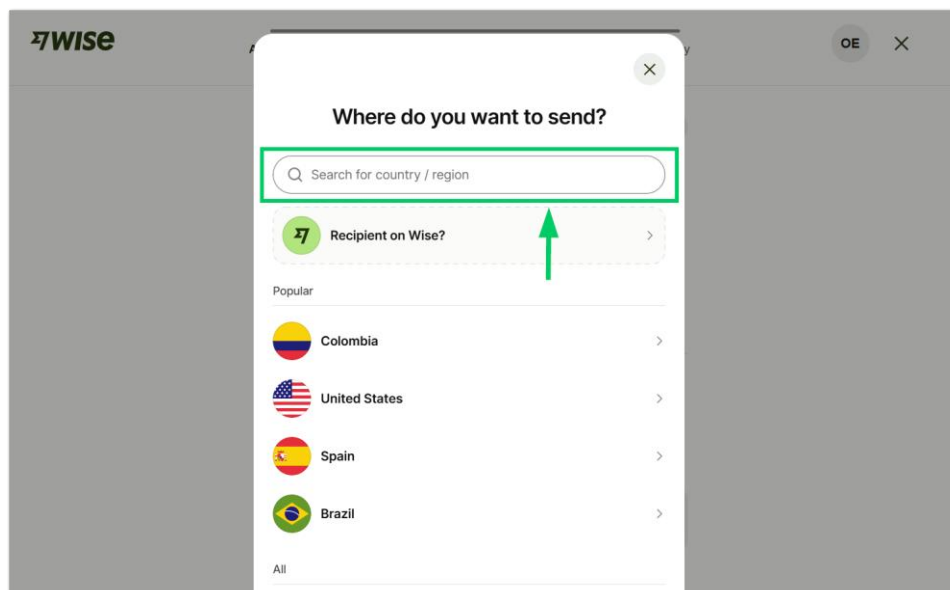

1. In your WISE home page, you should have a payment from your company.

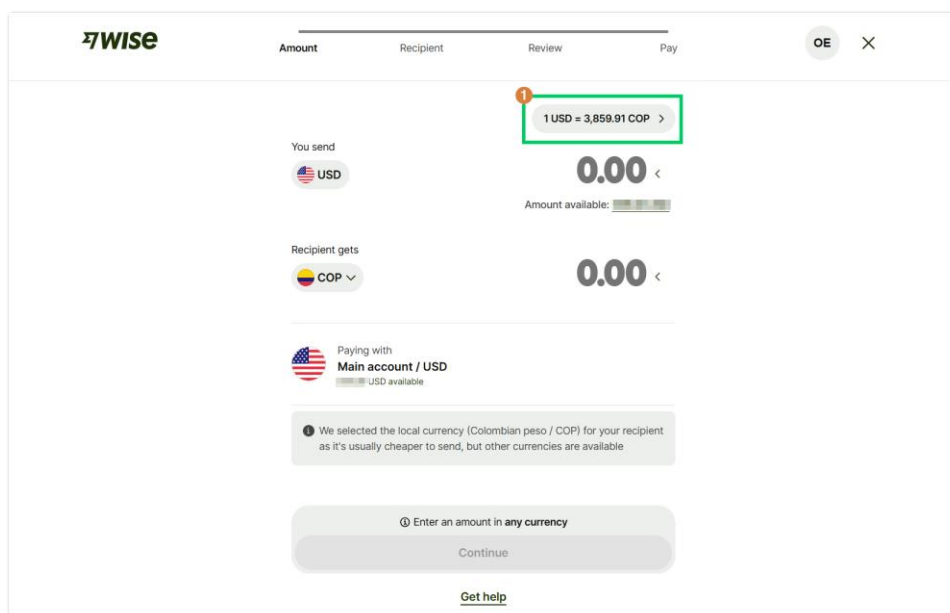

2. Select your USD account > select **Send**.

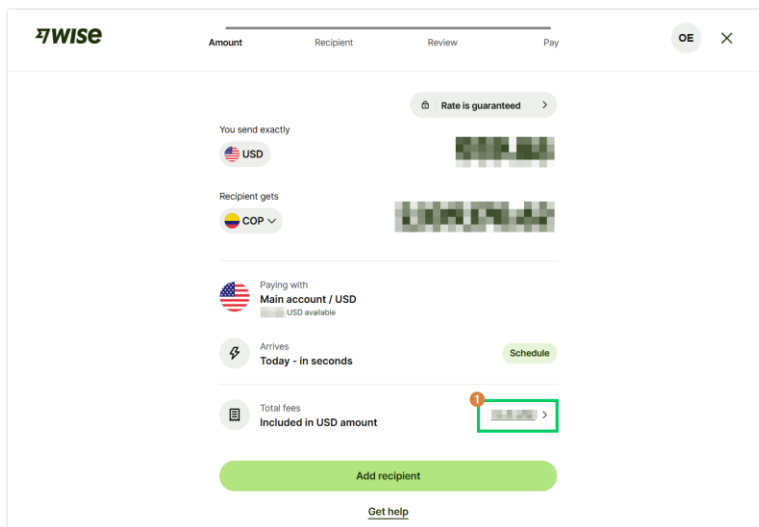

3. Select the country where you will send or use the search bar to find it.

4. You will see the exchange rate for the country that you selected. Select the **Amount available** option to send **all** your money.

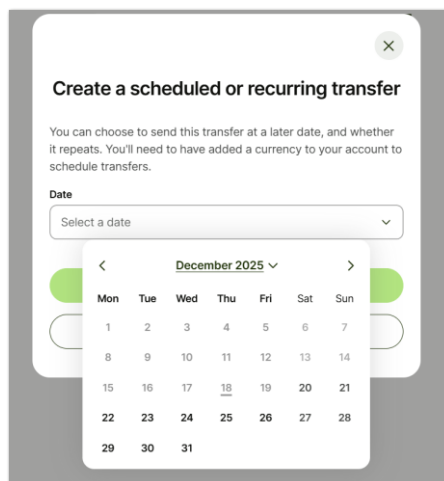

5. Below, you will see the fees applicable to the country where you send the money. Under **Rate guaranteed**, you can review the exchange rate locked for your transaction.

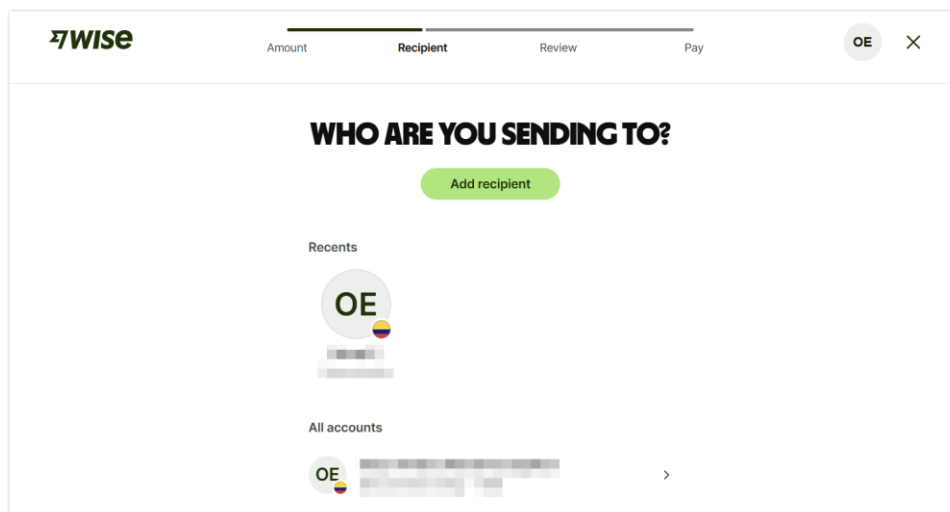

The screenshot shows the WISE transfer review screen. At the top, there's a progress bar with four steps: Amount, Recipient, Review, and Pay. The 'Review' step is currently active. Below the progress bar, there's a 'Rate is guaranteed' button. The main content area displays the transfer details: 'You send exactly' with a USD icon and a masked amount, 'Recipient gets' with a COP icon and a masked amount, 'Paying with' showing 'Main account / USD' and 'USD available', 'Arrives' with a lightning bolt icon and 'Today - in seconds', and 'Total fees' with a document icon and 'Included in USD amount'. A green 'Schedule' button is located next to the 'Arrives' section. A red circle with the number '1' highlights a small button next to the 'Total fees' section. At the bottom, there's a green 'Add recipient' button and a 'Get help' link.

To set up recurring transfers, click the **Schedule** button.

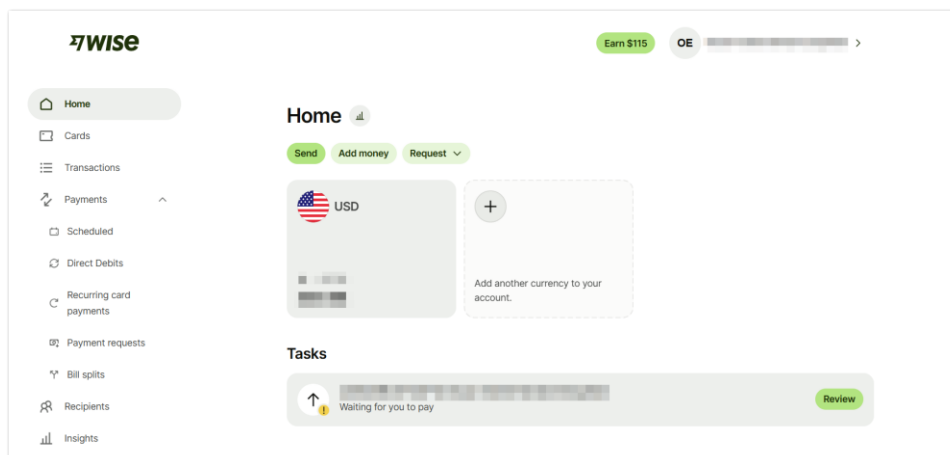

The screenshot shows a dialog box titled 'Create a scheduled or recurring transfer'. It contains the text: 'You can choose to send this transfer at a later date, and whether it repeats. You'll need to have added a currency to your account to schedule transfers.' Below this, there's a 'Date' section with a 'Select a date' dropdown. A calendar for December 2025 is displayed, showing dates from 1 to 31. The calendar has a green highlight on the 1st and a red highlight on the 18th.

6. Select **Add recipient** to select the account where you will send the money.

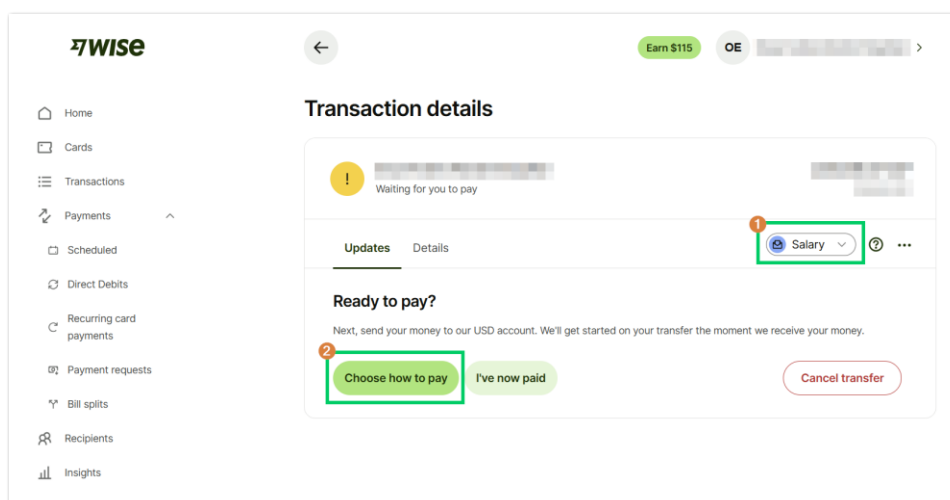

The screenshot shows the WISE 'WHO ARE YOU SENDING TO?' screen. At the top, there's a progress bar with four steps: Amount, Recipient, Review, and Pay. The 'Recipient' step is currently active. Below the progress bar, there's a green 'Add recipient' button. The main content area is divided into two sections: 'Recents' and 'All accounts'. The 'Recents' section shows a circular icon with 'OE' and a masked account name. The 'All accounts' section shows a circular icon with 'OE' and a masked account name, followed by a right arrow.

7. Select **Confirm and send** to complete the transaction.
8. You may see the payment as a **pending task**, in that case you need to review it.

9. In the transaction details, select the reason for sending the money and click **Choose how to pay** to complete the task.

10. Review the payment details and select **Finish and pay**. Once you click this option, the money will get in your local bank account.

Tip: For setting up, paying for, editing, and cancelling transfers visit the [support website](#).
